

Our Mission

To represent Kansas airports by providing a collaborative environment for networking, education, information sharing and research.

Our Purpose

Provide a medium for the exchange of ideas, methods, information, and experience as they relate to airport management.

Promote and encourage the public's understanding of the value of aviation and an airport to the community.

Promote and encourage the passage of legislation on all levels for the good of Kansas's airports and aviation.

Cooperate with all governmental agencies and industry organizations having as their primary goal the betterment of aviation.

Kansas Association of Airports

Membership Benefits,
Services and Application

KAA Success Story:

- 1) **Kansas Airport Improvement Funding (1999).**
- 2) **T-Works Increase in KAIP funding (2010).**
- 3) **Thousands of dollars in scholarships awarded to aspiring airport managers and for professional education programs.**
- 4) **Resource sharing: hangar rates, minimum standards and airport best practices.**

The Kansas Association of Airports provides a voice for Kansas Airports. The Association hosts two conferences annually, featuring high quality speakers and a collaborative learning environment. The Association can assist members with policy and planning issues.

Publicize your events

- KAA members have access to KAA social media and email distribution networks. Send your event flyer to all Kansas airports with no fuss or muss.

- KAA keeps the focus on issues that are important to Kansas airports.

KAA Can!

KAA can assist you with issues big and small.

Airport Projects in Kansas

- The Kansas Airport Improvement Program accounts for \$5 million in planning, design, engineering, and construction spending each year. The Federal Aviation Administration Airport Improvement Program spending varies each year, but is rarely less than \$20 million.
- KAA conferences are an opportunity for airport managers, engineers, contractors and airport product vendors to meet in an educational environment.
