SCHOLARSHIPS

KAA supports the growth of the aviation industry and promotes airport management careers.

The Fred Tupper Memorial Scholarship is awarded annually to undergraduate and graduate students interested in an airport management career.

KAA also offers a professional development scholarship to assist airport employees for training or continued education to further their skills in airport management.

PURPOSE

1. Provide a medium for the exchange of ideas, methods, information and experience as they relate to airport management.

2. Promote and encourage the public’s understanding of the value of aviation and an airport to the community.

3. Promote and encourage the passage of legislation on all levels for the good of Kansas airports and aviation.

4. Cooperate with all governmental agencies and industrial organizations having as their primary goal the betterment of aviation.

KAA PROVIDES A VOICE FOR KANSAS AIRPORTS.

The association hosts two annual conferences, featuring high quality speakers.

KAA Success Story

KAA has been instrumental in providing additional funds for Kansas airports.

In 1999, KAA led the lobbying effort for the creation of the original Kansas Airport Improvement Program (KAIP) to provide state funding to support the development of Kansas airports.

KAA also collaborated with legislators to increase KAIP funding from $2M to $5M in 2020. The map shows the airports that have benefited from KAA’s efforts to increase KAIP funding. Become a member to realize the benefits KAA has to offer your community.

KAA Membership Levels

Voting Members ($100/year): Membership shall be open to governmental and private entities exercising active responsibilities for the management, general superintendence, or administration of one or more publicly or privately owned or leased airport(s) or planning to own and operate such an airport.

Academic Members ($100/year): Membership shall be open to governmental and private educational institutions with academic programs related to aviation or airport management.

Corporate Members ($350/year): Membership shall be open to business or organizations including consultants, engineers, planners, contractors, architects, suppliers, and others interested in the purpose of KAA.

Not for Profit Members ($150/year): Not for profit organizations interested in the purpose of KAA.

Individual Members ($25/year): Retired airport personnel, in-transition airport personnel, state and Federal employees and students.

KAA can assist you with issues big and small. Our members are willing to share resources as it relates to airport best practices to help you make your airport an economic asset for your community.

Join KAA to help us promote our efforts to be advocates for Kansas airports!
